Local Chamber To Open Busy Year In Member Drive

A membership drive, designed to enlist the support of every business person and individual in the community interested in the future welfare of the area, was inaugurated at a luncheon meeting of the Truckee Chamber of Commerce directors at Smart's yesterday.

Directors were assigned by President Rex Reid to contact all businesses with an aim of getting a 100 percent membership for the variety of important projects coming up during the coming year.

One of the important items scheduled is the construction of a directional sign for the benefit of travelers to show alternate routes as detours during construction of the four lanes on Highway 40 in the Truckee River Canyon. A 60-foot sign to be located near the fire station showing the routes via Lake Tahoe and Sierraville and giving hours of closures on 40, is being considered.

The directors voted unanimously to protest the closure of 10 miles of the Truckee River from Hirschdale to the state line to bait fishing and will direct a resolution to the state fish and game commission which meets February 22. Individual members are also expected to write requesting removal of the restriction.

Fourteen directors and officers were present and heard a report from Reid and Publicity Chairman Zeph Rose on the local recording on snow and winter sports conditions in this area which is aired over radio Station KXOC, Chico, each Thursday during a quarter hour program from 4 to 4:15 p.m. and from 8:30 to 8:45 p.m. each Friday. New Dial Numbers Will Be Received Early Next Month

A booklet containing the new Truckee dial telephone numbers will be mailed from San Francisco March 6 and should be received by customers of the Pacific Telephone Company at least a week in advance of the change-over set for 11:01 p.m., March 16.

George Selkirk, local manager for the company, said dial instructions, together with inserts for the dial, will be mailed approximately the same time.

The booklet containing the new Luther 7 prefix numbers will be replaced by the regular directory in October, Selkirk said.

In the meantime, work is progressing for the Tahoe City changeover on June 16. The same type of directory wll be issued there for the Juniper 3 prefix dial numbers and the new Lake Tahoe book will be issued in July.

Business firms desiring to obtain their new numbers for the purpose of printing materials may obtain them by contacting Selkirk, although there may be changes at the last minute on some of the home telephones.

The change-over on March 16 will effect a large number of operators but Selkirk said all have been offered transfers to other cities. Some have accepted and still others have taken other positions in the area.

Approximately 500 customers are affected by the Truckee change-over of March 16th, Selkirk said.

Wolverines Win, Lose In Weekend

Tahoe-Truckee High School slammed the lid on the Loyalton Grizzlies here Saturday evening, 58-54, in a non-league basketball game that evened the season series between the two clubs. Earlier, Loyalton had taken a 55-50 win at Loyalton. Saturday's loss was only the second of the season for the Grizzlies in 11 starts, while the host Wolverines now stand at 7-8 for the campaign ot date.

Tahoe-Truckee threw up a backboard control that all but shut out the Grizzlies during the first quarter, and allowed the visitors only three offensive rebounds. Wolverines' Dave Rickert and Tom Sheehan handcuffed Loyalton's big Jim Perkins and John Genasci, allowing the two but nine and seven points, respectively.

Ken Vaughn topped scoring for the winners with 16 points, closely followed by Doug Wilson with 15, and teammates Dave Rickert and Tom Sheehan added 11 each.

In the preliminary, brothers Craig and L. J. Robinson canned 13 points each to lead the Tahoe-Truckee Junior Varsity to a 42-49 win over the Loyalton "B" team. Tahoe-Truckee's girls' team won an afternoon meeting with the Manogue girls from Reno, 26-6, to make the day a three-game sweep.

Truckee's Sheehan and Rickert put up a good scrap for the rebounds, while Vaughn was accurate on his long set shots. Tahoe-Truckee's strong junior varsity won the prelim 43 to 32, with L. J. Robinson hitting 11 field goals and one free throw for 23 points. Bohlman had eight for Douglas jayvees.

Sgt. Frank Snyder, who with Patrolman Carroll Maynard and W. B. Worsham, made the investigation, said Bowman was apparently attempting to pass a pickup truck in a light snow storm and did not have sufficient clearance.

The aid of a tow truck was required to free the injured man and remove the body. Bowman is recovering at the Tahoe Forest Hospital and the Truckee Colonial Mortuary took charge of the body.

The couple had been married in Reno only two hours prior to the mishap.

Two Homes Burn During Past Week On Shore Of Lake

TAHOMA — Two fires over the weekend kept the Tahoe City Fire Department very busy down this side of the lake. Friday night, very late, Bob Pomin who working on the state plow, saw a glow across the lake at Sugar Pine Point as he came over Dollar Hill.

Realizing it was hardly the hour for trash burning and that the glow was too great for that alone, he put in a call as soon as he could to the fire department. The truck arrived too late to save any part of the David Chamber's home at Chambers Lodge.

The house had not been occupied since summer so no cause can be assigned as reason for the fire.

Sunday night the home of the Bob McLane family was completely destroyed by fire originating in the flue. With the exception of John Wood, 16-year-old nephew of the McLanes, no one was at home. John's quick action in getting the nearest neighbor, Al Fanger of Fanger's Lodge, to help and in calling the Tahoe City Fire Department, eight miles away, made it possible for much more of the household effects to be saved that would have been thought possible.

The McLanes were returning from several days' visit to the bay area and knew nothing of the fire until they were stopped on the highway a few miles from Tahoma.

Sharp Increase In Travel Is Reported

Although travel into California showed a slump of nearly 4000 cars during January as compared to December, it was up nearly 2500 over January, 1956, the monthly report from the department of agriculture reveals.

The report shows 16,547 automobiles, 3336 trucks and 629 buses, with a total passenger count of 66,372 were checked at the Truckee quarantine station during last month.

Truckee, which normally occupies second place in the state as a port of entry, slipped into sixth position, undoubtedly due to widespread road reports branding U. S. 40 much worse than it actually is.

Travel through Meyers on Highway 50, also showed a decline over December, droppng to 3863 cars, 328 trucks and eight buses with a passenger total of 10,126. A gain was reported over January of last year of nearly 1500 cars.

The county kept by the quarantine stations does not include east bound traffic nor local cars passing through the stations.

Both boys were held for investigation.

Unusal Circumstances Finds Local Ambulance On Spot At Accident

John Lloyd, Truckee ambulance operator and owner, isn't one to go out and stir up business, but he isn't one to neglect it when it falls right in his lap.

Lloyd was called to Cisco last Thursday when Mrs. Harry Sorensen of Grass Valley was injured when a car driven by her husband was wrecked. They were returning home after attending funeral services for Ray Sorsensen at Tahoe.

Lloyd took the injured woman to Grass Valley and enroute home noticed tire tracks going across the highway and a break in the snow bank. He stopped and investigated the cause near where Mrs. Sorensen was hurt and found Barbara Carberry and Dorothy Lynch, San Francisco nurses in a car 100 feet below the highway. State Official Urges Commission Aid On Local Airport

Clyde P. Barnett, director of the California Aeronautics Commission, appeared before the meeting of the California Olympic Commission yesterday at San Francisco to urge support of an airport near Truckee to serve during the 1960 winter games at Squaw Valley. The commission promised to lend all possible support to the project.

Barnett stated if the state Olympics commission built a 6500 foot runway at Truckee, 20 minutes from the site of the games, it could handle commercial planes.

"There's not a single good airport in the Sierra now and we have an ideal place to put one," Barnett said.

He estimated the cost at about $500,000 and said the federal government would provide 54 percent.

Theairport would help ease the expected traffic congestion at the Olympics.

Use of planes, he concluded, would help alleviate the big parking problems and highway congestion.

Annexation Vote Delayed To Mar. 12

Due to a legal technicality, the election to decide the annexation of the Gateway Park subdivision and other isolated areas to the Truckee Sanitary District has been reset for March 12.

There will be two precincts, one for the voters in the district which petitioned for annexation and one for voters now residing inside the legal district. This course was found advisable by Paul H. Chamberlain, attorney for the district.

The opinion, however, is that only the votes of those in the area proposed for annexation will be considered in the final analysis. Others are permitted to vote, Chamberlain decided, because every registered voter within the district is entitled to vote at all district elections.

The polls will be open between the hours of 1 and 7 p.m. and will be located at the Truckee Justice Court for those within the boundries of the existing district and at Curran Distributing office for those in the area proposed to be annexed. Election boards will consist of Lucille Bick, Lenore Vind, Dolores Curran, Dorothy Rose, Dorothy Leamon and Margaret Copeland.

The Tom Dolleys are enjoying a visit from their daughter, Bobby Jean, and children, Chad, Mark and Tina, who will remain indefinitely. Her husband, Norman S. Saloman, was a guest for a few days but had to return to Washington, D.C.

Miss Pamela Rose, daughter of the Dave Roses, was honored on her 11th brthday, February 7th, at an afternoon skating party on the old ice pond attended by a group of her local friends. Mrs. Rose accompanied them. Even though handicapped by falling snow the youngsters managed to scrape the pond with boards and enjoyed an hour of fun before snow covered the ice again. Later in the afternoon the customary birthday cake and ice cream were served at the Rose home, and gifts presented.

Mr. and Mrs. Mel Thornton on Friday, February 1st, bundled son Bill into the car for a trip to Shriner's Hospital in San Francisco, where sometime with in the next few weeks he will undergo an operation. Bill suffered an attack of polio when only an infant and the present difficulties arise from this. Bill turned 13 on February 3rd, and was given a birthday party at the hospital, with guests and presents and a lovely cake and ice cream. Any of his friends who might like to write him during his stay may address mail to Shriner's Hospital, 19th avenue and Lawton street, San Francisco. It would be most welcome. The trio stopped in Sacramento enroute down to the big city to visit with son Jack and family.

Want to extend sincere sympathy to Bob and Naomi McLane whose home the Tahoe Cedars Tract, in the Tahoma area, burned to the ground while they were away on Sunday. Here's hoping it will be all the very best for a change from here on.

Truckeeites who observed recent birthdays include Mrs. Elwood Buehler, Miss Sharon Barth and Miss Joyce Hallett, all on Monday last and Pat Andres on Saturday.

Despite a steady snowfall all day last Thursday six ladies from Truckee braved the storm to attend the delightful luncheon given at Tahoe Inn by the Women's Club of Tahoe. Members and guests numbered 42 and all praised highly the tasty and unusual Chinese dishes served in the hotel dining room. Those from Truckee included Mesdames Gladys Pedley, Lucille Bick, Annie Tonini, Glenn Miller, William Englehart, Sr., and Eleanor Swanson. The latter was delighted to greet many old friends she has not seen since having been taken ill last July. Mrs. Pedley invited the Tahoe Club members and their friends to attend the card party being held on Friday night, February 15th, in Truckee Odd Fellow's Hall by ladies of the Wyethia Club. The time is 8 p.m. and games to be played will include bridge, pinochle, canasta, or any other games desired, and even bingo for those who do not indulge in card playing.

Fred Lease of Richmond spent the weekend at the home of his sister, Mrs. Edith Trent. He was accompanied by his three-year-old daughter, Karen. The visitors left on Monday morning for China Lake where they will enjoy the balance of the week with his brother-in-law and sister, Mr. and Mrs. R. D. Hartman and family.

* * *

Mrs. Glenn Miller is looking forward to the arrival on Saturday next of her aunt, Mrs. Bertha Sperling, of Warrod, Minnesota, who has paid her Truckee relatives a two-week visit every winter for the last four years.

* * *

When Mrs. Cleo Klein was in the southland visiting her sister, Mrs. Sarah George of Redonda Beach recently, she enjoyed dinner at the famous Knox Berry Farm. While there she met Mr. and Mrs. Augustus Benjamin, formerly of Truckee, now residing in Torrance. The Benjamins asked Mrs. Klein to convey their heartiest greetings to their many old friends in this area.

I'll wager our local hospital and medicos are relieved there aren't many mothers of the caliber of Mrs. George W. Kenyon of Truckee! For Mrs. Kenyon became the mother of her tenth child on Thursday, February 7th, at 7 p.m. when 9½-pound Nancy Carol arrived! The little lady swelled the family to four girls and six boys, all active, healthy youngsters. What makes Mrs. Kenyon unusual is that she did not go to the hospital to have her baby, which is customary, but papa Kenyon performed the delivery honors right at home, the same as he has for the last six children! Mrs. Kenyon had her first four in hospitals, but then came the day when the family lived out in the country, far from a hospital, without even a doctor in the area. The stork arrived without notice and papa received his first assignment as a baby doctor. All went well with mother and baby, and so, he has been doing it ever since. Perhaps it comes naturally for 33-year-old Mrs. Kenyon as she claims her mother before her had seven children without the aid of doctors or hospital. Mr. Kenyon has been residing with his family in Truckee for the last three years, and is employed by the Truckee Public Utility. Two of their babies have been born in Truckee in that time.

Our primary grade teacher, Miss Kessey, has been in the hospital at Truckee this past week where she has been under observation for possible appendicitis. Mrs. Gloria Reed has been teaching in her place.

In Mr. Bailey's class we have a microscope now. The class has found the world of little things most interesting.

Cathy Curran, Mike Kenyon, Jerry Kirby, Gene McGihon, Joe Parkhurst, Sherryl Swauger and Dennis Whiteneck did very well.

The other test was one on the addition of unlike fractions. The class as a whole did very well with many receiving over 90 percent accuracy. Jauqin Fuentes turned in the only perfect paper.

NORTH TAHOE

By JUDGE HARRY CHARRISON

TAPS

Semi-military services were held Tahoe City last Thursday morning for Lt. Ray Sorensen, 23, victim of a tragic jet plane crash last week. at the peaceful little cemetery at Five hundred friends joined to comfort the bereaved family. Eight members of the U. S. Marine weather battalion from Pickle Meadows fired three salvos over the grave while a bugler sounded taps. The chaplain from the air force base at El Toro conducted the services and members of VFW Post No. 7077 of Lake Tahoe were in charge of arrangements. The grave site was a mass of beautiful flowers. Ray will be greatly missed by his family and friends, many of whom had watched him grow up into an upright young man, a father and husband.

In Memory

Many friends have expressed a desire to institute some form of a trust fund for wee Gregory, the young son of the late Ray and Susie Sorensen. Gregory is four months old and it would be wonderful at the time he reaches college age if this fund could be there for him to use, so that he might think of his dad who had been held in high esteem by his friends. I have received many donations thus far and anybody that would like to get in touch with me in this regard may feel free to do so. Thank you.

Anniversary

Happy to know that H. M. and Mrs. Dodd of real estate fame passed their 44th wedding anniversary last Tuesday, February 12 and they may be quite sure that everyone of us wish them a least another 44 years of happiness together—that's a long time, kids.

Business Meeting

Maxine Polzin tells me there was a meeting of the North Tahoe Business Association Thursday, February 7 at Crystal Bay Club. The main business was the election of officers. The new president is Ivan Parr; vice president, Harry McIntyre; secretary-treasurer, Maxine Polzin. Maxine was reelected after a job well done during the past year. Directors are Ray Plunkett, Larry Ludlow and W. R. Evans. Another meeting will be coming up in the near future.

Home Again

Maxine also tells me of the John Palmers being back after quite some weeks in Mexico. They are staying with the Polzins for the time being. Nice to have them back.

What's the Idea?

Our friends are under the weather these day. Jerry Little at the moment is in the Washoe Medical Center undergoing an operation on a knee that has been bothering him since last winter. Mrs. Jerry Potts has been in the hospital and Charlie Cagle tells me Wanda is in a hospital at Sacramento and may undergo surgery on her throat. The wee baby of Doyle and Dorothy Barnett has been in the hospital for an allergy. Frances Revett Wallace spent a short while in the Tahoe Forest hospital for a check up. We wish all these fine citizens better health for the future. Oh, yes, Butch Beavers has been kinda sick but now doing well.

Nursing School

Kay Campbell, who is a secretary at the University of Nevada, tells that a school of nursing is being added there beginning next September. This is good news and should add to giving an opportunity to young women in this area as it will be close to home. Kay tells me that Everett is now with Cal-Neva Club at Reno. The Campbells have a home at Kings Beach and spend weekends here. Young Scotty is growing quite tall.

Church

A beautiful service was held at the Community Church last Sunday morning when Scoutmaster Red Waddell accompanied Scouts of Troop No. 31 to the service. Rev. Earl Langguth gave a talk to them. Among those attending were Larry and Barry Anderson, Bill Holley, Chris Felte, Kenny Bailey and Bobby Howell, and two Cub Scouts, Steve Felte and Art Waddell.

DANCE

There will be a Washington's Birthday Ball at Crystal Bay Club on February 21st. The dancing, buffet and orchestra will be provided by members of the VFW and Auxiliary of Post No. 7077 of Lake Tahoe.

Community Club

There is a Community Club in Kings Beach whether many are aware of the fact or not. It would be appreciated by the officers if you would make an effort to attend. If you are not a member you have the opportunity of joining at the next meeting. Steve Port says there are so many very important items coming up, so come along.

People

Almost forgot Sunday's weather report. Last Friday was the same as the past few weeks, snow on Friday with Saturday and Sunday clear and just right for the record number of skiers. There were 18 buses lined up at Squaw Valley Saturday. Crystal Bay and Tahoe Biltmore had record crowds. The Washington Birthday promises to be the greatest weekend ever.

Happy Birthday

Poor old man, he is now 18 and that Kenny Lavery is still growing. The day of his birth was celebrated in great style. A turkey dinner at the home of his parents in Agate Bay with guests, among them Dave Ashton, Jerry Potts, Angelo Chiaratti and two young ladies, Christi Landers and Claralee Kaiser, both of Truckee. Kenny received many gifts and had an enjoyable time. Of course Ruth and Dick chaperoned the party.

More Sad News

Larry Faulkner, son of Gene, living with his mother in Minneapolis, was killed while riding a bicycle in that city. Gene left early Sunday morning by plane. It is exceedingly sad as Gene was so proud of his 14 year old boy and was happy to show his pictures. He was to have visited his dad last fall but for some reason didn't make the trip. We offer our condolences to both Gene and the boy's mother. Now Icey Laborde tells me that she had news of her step-father, Marvin Price, having a heart attack at Santa Ana and her mother is not well either. They are the mother and step-father of Icey, Gene, Sam and Ileta Faulkner.

Visiting

Mrs. A. P. Freer, wife of Com. Freer, retired, of Los Alton, is visiting with ex-Com. Joe and Mrs. Spover of Kings Beach for a couple of weeks. The two men were shipmates.

Charming

Was in Bank of America at Truckee a few days ago and had the pleasure of meeting Phyllis Snyder, the charming wife of Sgt. Francis H. Snyder of the Highway Patrol.

Another Sad Passing

Nina Sorensen's mother, Mary B. Killingsworth of Tahoe Vista died Sunday, February 10 in an Auburn hospital. She was 89 years of age. She leaves a daughter, Emma of Inglewood and a grandson, Orville Graves of Torrence and three great grand-children. Services were held February 12. We certainly sympathize with Nina and other relatives.

California ranked first in average production of milk per cow in 1955.

Women's Club Meets

George Selkirk, telephone company manager, gave an interesting talk on the new dial telephones for this area, and Mrs. Gladys Pedley, chairman of the Federated Women's Club's safety committee, spoke on safety at a meeting of the Tahoe Women's Club Thursday at Tahoe Inn. Members of the Wyethia Club of Truckee were guests and everyone thoroughly enjoyed the Chinese dinner and program. The program committee comprised Joan Ruhkala, Ruth Lee and Wilma Korich. Bingo was played later in the afternoon.

Thanks Neighbors

To come home to an all-burned and gone house is an experience that all of us in the mountains dread and think about and plan against. Now that it has happened to us I wish I could express what we feel toward our wonderful neighbors who worked hours in our absence to save what they could, and to all who offered us a place to stay. Because of the great debt we already owe here, and one we cannot repay if we live to be a thousand, I want to hurry to tell you that our house was insured and so we have not had a total loss. Also we had been away to the bay area for several days and so had clothing with us. We were not among the many who have had to flee for their lives from fire. Our 16-year-old nephew who had built the fire to warm up our little old house showed great presence of mind and we are very proud of him for the way he took care of things and got help so quickly. We can't thank him either and he's going to be mad at me for talking this much about him as it is.

"Girl Crazy" Progressing Rapidly!

The chosen staff for "Girl Crazy" has shown great interest in learning their lines, attending rehearsals regularly, and giving full cooperation. A few new students have been added to the cast and soon they will go into action practice. The seniors plan to use the money from the play for an education trip to San Francisco. The costumes worn in the play are to be all western. If you know of anyone, or if you yourself have any western clothing such as, boots, chaps, cowboy hats, etc. please contact Frank Ratliff in Truckee or TnT, as we need these western clothes, and would appreciate it if you would let our cast borrow them.

"Various Looks From Ancient Nooks"

TnT'ers wish to recognize "Great Books," taught by Frank Ratliff. Great Books is taught for the purpose of providing students the opportunity of discovering the ideas of men of the late 16th and early 17th century, both Oriental and Western. The class is conducted mainly by intense reading and discussing with fellow students. At the present, "Great Books" students are reading "Don Quixote." After the completion of this book, the students are asked to write an essay covering a part of the book they have read. In this case, Don Quixote, the students will select from a list of subtitles, such as: "The Probable Existence of Knights Errant in Contemporary Society," "The Philosophy of Miguel Cervantes as Revealed in Don Quixote's Actions and Speech." Eventually Great Books' students will develop a better understanding of the types of literature in the world and the varied meaning held behind every cover. This is one of the top subjects taught at TnT, that makes our school outstanding and well worthwhile.
